Six Reasons to Make the FLC Part of Your Summer

Things slow down for many of you after Memorial Day, but your FLC will still be making news over the summer months, so you'll want to keep tabs on our newsletters, the eGroups and other messaging channels. From hot-topic engagement opportunities to updates of your favorite FLC resources, here are just a few of the reasons for you to stay informed this summer.

FLC Photo of the Week

A model developed by the Engineer Research and Development Center's (ERDC) Cold Regions Research and Engineering Laboratory (CRREL) is providing critical information to better forecast blowing snow and predict the areas it may impact, reducing risk to civil and military operations.

The Photo of the Week visually showcases the exciting work federal labs do every day!

FLC Partner CSIT Opens Applications for Two R&D Seed Grant Programs

Applications are open for two seed grant programs from the New Jersey Commission on Science, Innovation and Technology (CSIT), an FLC Partner. Both the Food and Agriculture Research and Development (R&D) Pilot Seed Grant Program and Round 2 of the Catalyst R&D Seed Grant Program aim to help local startups commercialize their R&D.
