FLC Updates

- Hear from Mojdeh Bahar and Bethany Loftin of NIST discussing "[The Bayh-Dole Act: 2023 Regulatory Update](#)" on July 25.
- Help us kick off the new Meet the Labs series on July 26 with an overview of the [NIST Engineering Laboratory](#).
- Join us for a deep dive into the Navy's [Coastal Trident Program](#) for port and maritime security on August 1.
- **NEW!** Submissions are open for the [2024 FLC Awards](#). New categories include Outstanding Researcher and Regional Tech Transfer.
- **Two weeks left!** Submit your lab's photos for the 2024 [FLC Planner](#) by August 1.
- If ag is your bag, register now for the [FLC-AUTM Animal Health Partnering Forum](#), August 29-30 in Kansas City, Missouri.

Tech Transfer Stars

Valerie Larkin: Leveraging a Mathematical Mind and Multi-Agreement Strategies to Further NUWC Missions

Meet Valerie Larkin, a Technology Transfer Manager at the Naval Undersea Warfare Center with a passion for music, bicycling and volunteering. Learn about the portfolio of tech transfer agreements that helped her team earn regional recognition for Excellence in Technology Transfer, and why she says her involvement with the FLC is what she will miss most after she retires from government.

FLC Photo of the Week

[Lawrence Livermore National Lab: Antidote to Counteract Nerve Agent Poisoning](#)

Lawrence Livermore National Laboratory's antidote to nerve agent poisoning, called LLNL-02, is able to protect the central nervous system because of its ability to pass from the blood (the red field in the image) to the brain (the white field) through the blood-brain barrier.

The Photo of the Week visually showcases the exciting work federal labs do every day!

Collaborator News

AUTM Podcast Features Interview with FLC Educate Chair Karen Presley

AUTM, FLC's Cooperative Partner, recently featured FLC Educate Chair Karen Presley on its "AUTM on the Air" podcast. Presley, deputy director of the Office of Research and Technology Applications at the National Security Agency, discussed the successes of a program through which NSA partners with Minority Serving Institutions on research and development of technologies that support the agency's mission.
