FLC Updates

- **Tomorrow!** Get to know the U.S. Army Medical Research and Development Command at the next [Member Connect](#) on April 5 at 2 p.m.
- Join the FLC, AUTM and the USPTO at the [Green Energy Innovation Expo](#), May 17 in Alexandria, VA.
- Take the online course, [Introduction to Patents](#), any time, anywhere!

National Meeting Highlights

National Meeting Rocks Cleveland with Record Attendance

Federal technology transfer professionals converged on Cleveland in record numbers last week for the first in-person FLC National Meeting since 2019. Just steps away from the Rock & Roll Hall of Fame's featured exhibit on the Beatles, all our troubles really did seem far away as we rediscovered the benefits of face-to-face learning, networking, strategizing and celebrating.

Federal T2 at Work

[USDA ARS Joins Global Network to Help Develop New, More Resilient Varieties of Coffee](#)

As part of the Innovea Global Coffee Breeding Network, USDA's Agricultural Research Service will work with coffee-growing countries around the world to develop new varieties that are less vulnerable to climate fluctuations, pests and diseases. The coffee industry contributes \$225 billion annually to the US economy and supports 1.6 million jobs.

Collaborator News

[Applications for NM LEEP Entrepreneurial Fellowships Are Due April 17](#)

Tech-focused entrepreneurs have less than two weeks to submit applications to the New Mexico Lab Embedded Entrepreneur Program (NM LEEP) for its third cohort, which will onboard in January 2024. NM LEEP, an FLC partner, offers two-year fellowships that provide access to prospective partners looking for breakthrough technologies.
